

## Improve Health and Peace of Mind by Creating Safe Breathing Zones

The quality of air has a direct impact on absenteeism, student achievement and teacher retention.

Together, we can clean the breathing zones in your buildings and defeat the invisible enemy.

---

*LifeWings makes the application process painless. With the complexities of so many sources of funding, they will diagnose what's needed, what you are eligible for, and complete the application process for you.*

**We're expecting nearly \$400,000 dollars in money we almost overlooked.**

- Tina Van Raaphorst, CBO of Jefferson Union High School District.

**LifeWings**  
PEAK PERFORMANCE

A man in a dark suit and tie stands with his arms outstretched, looking upwards. He is surrounded by a dense shower of falling US dollar bills, creating a sense of an 'avalanche' of funding. The background is a dark, textured surface with many more bills scattered across it.

**An avalanche of funding**  
is still available to schools  
from various state and  
federal programs.

**Give us 15 minutes.**

We'll figure out what you need  
and file your paperwork at no cost  
to the General Fund. **Don't let  
this be a missed opportunity!**

## DID YOU KNOW?

A study by The Lancet COVID-19 Commission in April of 2021 found that buildings play a critical role in the transmission of airborne infectious diseases. **It concluded that the benefits of ventilation and air cleaning enhancements include increased test scores and fewer missed school days.**

## HOW WE HELP

We have the expertise you may be missing to defeat the invisible enemy, saving you time and money. We are not hardware or disinfectant vendors. After helping you acquire the funding, we assess, report, and recommend best options unique to your schools with a cross-functional team of experts. We've been doing it for 20 years.

**Our goal is to make your school buildings safer and more efficient.**

## IS IT WORTH THE MONEY? YES! IT ACTUALLY SAVES MONEY.

- Running your equipment efficiently saves you money. Cleaner air means lower utility bills.
- Providing the right kind of training to monitor and maintain equipment saves you time.
- Optimizing ventilation reduces teacher absences and therefore the cost of substitutes.
- Cleaner air reduces medical claims, keeping health insurance costs in check.
- Defeating the invisible enemy reduces student absenteeism, withdrawals and discipline cases.
